# WEAPONS OF MASS DISTRACTION ACTIVATED!

*Dr. Charles Vance interviewed Terry Sacka, Chief Strategist of Cornerstone Asset Metals, to discuss America's Culture of Distraction and how division, options and choices affect every aspect of our life from our social life to our personal finances.*

**JUPITER, Fla. - Jan 29, 2017 [PRLog](#) -- JUPITER, Fla. --** Mr. Sacka opened by posing the question, "We have so many outlets, so many opportunities for information; how do we know what's true and what's not? Lucifer just needs to divide us and in doing so he can keep us weaker. That's how we've allowed sexually perverted politics, left-wing socialists, anarchists and Marxists to seem like they're mainstream when of course to a rational person it's impossible. What we put into our mind we become, so if he can keep us weak then he wins."

He went on to say, "You would never believe we would have such division in our country. The division is so Luciferian. I believe politics has got to the epic of epic level of distraction with lies and/or half-truths." Mr. Sacka gave an example of this with the number of jobs former President Barack Obama stated his administration created versus the actual true numbers. You can even see how the casual reader could become wildly confused by reading two different articles on CNN.com on the same topic with seemingly conflicting data [here](#) and [here](#).

## Silver & Gold-Backed IRAs

Regarding this topic he stated, "Gold and silver is the best performing asset class in the last ten years. The nice part about a precious metals IRA, there actually is a physical metal purchased and stored on your behalf. Gold is capable of going back to its high, yielding a 60% return and silver a 200% return. Gold and silver are really the wealth transfer in the physical market."

## Safe Christian Investments

On one of his websites specifically aimed toward Christians, Mr. Sacka offers five reasons why Christians should invest in gold and why [Christians should invest in silver](#) with detailed charts, figures and video content. He believes that the most valuable assets are gold, silver and survival food which they provide at Cam Ready Food (<http://camreadyfood.com>).

**Terry Sacka, AAMS** is a financial analyst and founder of **Cornerstone Asset Metals** in Jupiter, Florida. He assists and guides investors on how to use precious metals in the form of physical assets such as gold and silver to hedge against systematic and inflationary risk and preserve their hard-earned wealth.

Mr. Sacka pointed out how gold and silver historically have been protection and hedges against systematic risk associated with geopolitical jitters, events and inflationary factors which all have historically lead to financial crashes.

He emphasized this by stating, "I'm a strategist so I'm an analyst in natural resources. So my job mainly with Cornerstone is the role of natural resources, we're right from the earth, we deal with things right from the ground."

He went on to say, "We're custom minters and refiners but we supply this beautiful God product to people...I understand the systems of the world and I understand the biblical principles that God taught us."

Refining and custom minters, Cornerstone Asset Metals are the manufacturers of the only good delivery Judeo-Christian Hallmarked Silver in the country

Their silver coins are manufactured refined, hallmarked and minted by a COMEX Certified, LMBA Good Delivery Refiner. Same quality and purity as an American Silver Eagle and because it's good delivery it technically can be used in bank settlement transactions. There are scriptures on it, 12 stars on both sides, for the tribes and for the disciples and finally a lion and a crown for **The King**.

So religiously manufactured it gives first amendment protection against confiscation attempts. It is the only one of it's kind out there.

He advises people on how to protect their assets and hard earned wealth with precious metals in times of financial hardship which the coming of the Shemitah is said to historically align itself with. Mr. Sacka's teachings coincide with Jonathan Cahn's "The Mystery of the Shemitah" as the author's theory is that God has visited warnings and or judgment against the United States according to a seven-year cycle going back many decades.

Mr. Sacka has posted all eight videos of The Shemitah Series on his website in the [Wealth Transfer Archive](#).
